Announcement is made of the following award:

Award: Army Superior Unit Award
Period of service: 3 April 2006 to 30 April 2007
Authority: AR 600-8-22, paragraph 7-16
Reason: During the period of 3 April 2006 to 30 April 2007, the U.S. Army Chemical Materials Agency displayed outstanding meritorious service in support of the Global War on Terrorism. The unit had unprecedented success in the destruction of the nation's aging chemical weapons stockpile and dismantling its chemical weapons production capability. In doing so, the unit fulfilled the two major obligations under the Chemical Weapons Convention, namely the destruction of 45 percent of the U.S. declared chemical weapons stockpile and 100 percent of the former production facilities. The unit achieved these history-making accomplishments while successfully protecting its workers, the surrounding communities, the environment, and while operating under intense political and international scrutiny. The U.S. Army Chemical Materials Agency's outstanding performance of duty is in keeping with the finest traditions of military service and reflects great credit upon the unit, the United States Army Materiel Command, and the United States Army.
