FORT KNOX, KY 40122-5408

PERMANENT ORDERS 139-02

19 May 2011

United States Army Training and Doctrine Command
United States Army Capabilities Integration Center

Announcement is made of the following award:

Award: Army Superior Unit Award

Period of service: 1 January 2009 to 1 January 2010

Authority: AR 600-8-22, paragraph 7-16

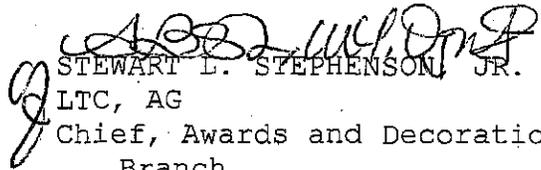

Reason: For outstanding meritorious service. During the period 1 January 2009 to 1 January 2010, the United States Army Training and Doctrine Command and its subordinate unit developed and implemented numerous campaign and operations plans to support and enhance the Army Forces Generation process of the Army. The unit's plans dramatically transformed the Army to better fulfill its role in the National Security Strategy for the future. Members of this command were faced with significant challenges to support the Army Forces Generation process while at the same time accomplishing worldwide operational support missions. The resulting success brings great credit upon the Soldiers and civilians of the United States Army Training and Doctrine Command and its subordinate unit and the United States Army.

Format: 320

Additional Instructions: This order serves as official notification that a unit award has been approved for the organization(s) listed above and will serve as authority for eligible Soldiers to update their records and wear the award. The award is still subject to final confirmation in Department of the Army General Orders. Official verification of a specific unit's entitlement to display the award in the form of an appropriate streamer on its flag or guidon rests with the U.S. Army Center of Military History (CMH), which is also responsible for determining official unit Lineage and Honors for MTOE organizations. CMH will use this permanent order to authorize the manufacture of an appropriate decoration streamer for any organization clearly entitled to display the award. The streamers will then be manufactured and sent to the U.S. Army Human Resources Command for automatic distribution to the units concerned.
